

QUAD

Quick Unit Analysis Determination

The obligation to obtain data on field as fast as possible for its exploitation led us to realize in collaboration with and at the request of petroleum companies a transportable unit for on site PVT analysis.

- Validation of sample quality during wire line formation testing
- Working pressure.....1000 bar (PVT cells and viscometer)
- Full weight.....<400 Kg (3 units, MDT and RCI utilities, utilities, power supply)
- Full size.....1696 x 1575 x 1020 mm (storage and carriage)
